New Translation of the Roman Missal

- Along with the new translation in the Mass texts themselves we are introducing the new recommended posture positions (standing/ kneeling/ sitting) for various parts of the Mass.

In the celebration of Mass we raise our hearts and minds to God. We are creatures of body as well as spirit, so our prayer is not confined to our minds and hearts. It is expressed by our bodies as well. When our bodies are engaged in our prayer, we pray with our whole person. Using our entire being in prayer helps us to pray with greater attentiveness.

During Mass we assume different postures—standing, kneeling, sitting—and we are also invited to make a variety of gestures. These postures and gestures are not merely ceremonial. They have profound meaning and, when done with understanding, can enhance our participation in the Mass.

STANDING IN PRAYER

Standing is a sign of respect and honour, so we stand as the celebrant who represents Christ enters and leaves the assembly. From the earliest days of the Church, this posture has been understood as the stance of those who have risen with Christ and seek the things that are above. When we stand for prayer, we assume our full stature before God, not in pride but in humble gratitude for the marvellous things God has done in creating and redeeming each one of us. By Baptism we have been given a share in the life of God, and the posture of standing is an acknowledgment of this wonderful gift. We are invited now to stand for the beginning of Mass up until the readings. We stand for the proclamation of the Gospel, which recounts the words and deeds of the Lord.

EUCCHARISTIC ACCLAMATION:
WE PROCLAIM YOUR DEATH, O LORD, AND PROFESS YOUR RESURRECTION UNTIL YOU COME AGAIN.
