### World Day of Prayer for the Sick Friday 11th February

Few of us are not touched in some way by the experiences of sickness or trauma. We only have to reflect for a moment to realise how immediate are those experiences, even within our own families or circle of friends. Ill-health is no respecter of persons, from the young to the elderly, tragedy strikes at random, impairing or taking away physical or mental ability. Over the past two years with the onset of the pandemic another layer of suffering has been added to many people's journey with illness. In order to keep each other safe we have had to limit our physical contact with many who are vulnerable because of illness. However, as spiritual people, it is important to remember that we can reach out to all who are suffering or in any pain through our prayer for them. Each year we have a special day to remember all who are sick and in pain. May the Lord bring healing and comfort to all who are ill and bless all who reach out to care and support them in their need.

Come to me and I will give you rest.

**Father of tenderness and compassion, you sent your Son to share our human nature, to redeem all people, and to heal the sick.**

**Look with love on all who are sick. Support them with your power, give them hope in times of suffering and keep them always in your care.**
