Season Of Creation

The Season of Creation is a time marked throughout the Christian world from 1st September (the World Day of Prayer for creation) to 4th October (Feast of St. Francis of Assisi) and celebrates the joy of creation as well as encourages awareness-raising initiatives to help us to heal and protect Our Common Home.

"The climate crisis is a deeply spiritual crisis..Our faith offers us a wonderful vision to rekindle these relationships, to renew a childlike sense of awe, wonder and beauty and thus set out in living the first commandment God gave to us, to be guardians and protectors of this beautiful world, not its polluters and destroyers."

- Archbishop Dermot Farrell, Cry of the Earth, Cry of the Poor, (Pastoral Letter)

Creator God, in this month of creation time, teach us to see your footprints in the beauty of creation. Help us to listen to the voice of creation, inspire us to respect the rights of all people, and all living species to share in your gifts today and to be always mindful of those who come after us.

Prayer for Peace in our World

Loving God, We pray for the people of Ukraine, those caught up in the Middle East conflict, and for all those affected in any way by war in our world that you will be close to them and protect them.

We pray for world leaders, for compassion, strength and wisdom to guide their choices.

We pray for the world that in this moment of crisis, we may reach out in solidarity to our brothers and sisters in need.

May we walk in your ways so that peace and justice become a reality for the people who are suffering and for all the world. Amen.

Reflection...

Each year, the Season of Creation proposes a theme to focus on. This year's theme is "Peace with Creation", inspired by Isaiah 32:14-18: "My people will abide in a peaceful habitation, in secure dwellings, and in quiet resting places."

There's a flourishing promised in the scripture here, a restoration of right relationships, and this brings deep peace, the kind of peace Jesus offers to his disciples after the resurrection, the kind of peace Pope Leo talks about. A peace that is not just the absence of war and conflict, but a peace that goes deeper to the core of creation, that recognizes the innate dignity of all things held in the delicate ecosystem of life. When our eyes are open to the gifts and abundance of life within our planet, when we contemplate creation and the gifts of the creator visible and invisible around us (like the atoms in a grain of sand, or particles in droplets of rain), we get a sense of ourselves within a myriad of fascinating relationships and see how everything is connected. "Nature cannot be regarded as something separate from ourselves or as a mere setting in which we live," Pope Francis wrote in Laudato Si'. "We are part of nature." (Laudato Si', 139).

Next weekend we take up the dedicated collection for the Priests' Benevolent Fund.

Your box of envelopes contains a special envelope for this collection for 14th September. The purpose of the Benevolent Fund is the support of priests in the diocese who are sick or fully retired and no longer in active or paid ministry. Contributions to this collection directly assist the Fund in this objective. Your support is greatly appreciated.
